

NEW ENGLAND MASTERS SWIM CLUB WINS INAUGURAL “MYTHICAL” SCM NATIONAL CHAMPIONSHIP

The New England Masters Swim Club won the inaugural “Mythical” 2001 Short Course Meters (SCM) National Championship. Arizona Masters was second, 1265 points behind, followed very closely by San Diego Swim Masters in third place – only 56 points behind Arizona. The following table summarizes scoring of the top twenty United States Masters Swimming (USMS) clubs:

Club Name	Individual Points	Relay Points	Total Points

Points were awarded based on the results of the USMS 2001 SCM National Top Ten Times. The top ten individual swims in each age group event were scored in the following sequence: 11, 9, 8, 7, 6, 5, 4, 3, 2, 1. Double points were awarded for relays. To view the USMS top ten times see the following link: <http://www.usms.org/swimgold/tt/age/>

Arizona trailed New England by only 195 points based on the individual’s swim points, but gave up 1070 points in relays. NEM scored almost double the number of relay points as the second best relay scoring club, SDSM. New England Masters conducts it’s championship meets as a contest between NEM workouts groups. This spirited competition generates fantastic relay participation, and led NEM to the 2001 “Mythical” SCM National Championship.

The following table lists the top ten individual point scorers for NEM:

NAME	Age Gr.	Age	Points
Andrea H Packard	25-29	27	93
Jenny Mooney	19-24	24	67

Several key people contributed a lot of work to this project: Pieter Cath – USMS Records and Tabulations Chairman; Esther Lyman - National Database Administrator; and Louise Valois – who wrote a wonderful program to analyze the data many ways. In addition, “thank you” to all the USMS LMSC Tabulations chairs across the country.

Also noteworthy are the top USMS individual point scorers. The following table lists the top twenty highest individual point scorers for women and men:

A final analysis ranked the top twenty fastest swimmers in each of the 100 meter events, regardless of age group. The results showed a surprisingly good representation of swimmers from the 19-24 age group to the 40-44 age group. The following lists break down the percentage of fastest swimmers from each age group for women and men:

WOMEN

- 15 percent of top twenty fastest swimmers: 19-24 age group
- 21 percent of top twenty fastest swimmers: 25-29 age group
- 27 percent of top twenty fastest swimmers: 30-34 age group
- 28 percent of top twenty fastest swimmers: 35-39 age group
- 7 percent of top twenty fastest swimmers: 40-44 age group
- 0 percent of top twenty fastest swimmers: 45-49 age group
- 2 percent of top twenty fastest swimmers: 50-54 age group

MEN

9 percent of top twenty fastest swimmers: 19-24 age group
 23 percent of top twenty fastest swimmers: 25-29 age group
 26 percent of top twenty fastest swimmers: 30-34 age group
 23 percent of top twenty fastest swimmers: 35-39 age group
 18 percent of top twenty fastest swimmers: 40-44 age group
 1 percent of top twenty fastest swimmers: 45-49 age group

An "All-In" final at a major meet would produce some great racing between USMS's fastest swimmers.
